## Rationale

*Sound and Word Development* is the fourth in a four part series called *Alphabet Activities*. It is for use in an early literacy program. This fourth book provides teachers with a practical series of activity-based worksheets which expand the body of work set out in *Initial Sounds*, *Sound Jigsaws* and *Word Building* and *Sound and Word Building*. The worksheets provide children with the opportunity to identify sounds and words through a variety of exercises such as cut-and-paste, read and draw, true and false, matching words to pictures, labelling, unjumbling and rhyming. These activities foster, encourage and reinforce sound recognition, letter formation, letter-sound relationships, consonant blends, rhyming, word building, sight vocabulary and fine motor skills. They have been designed to motivate students to develop and learn.

## About the Authors

Kerry Heathcote has 36 years teaching experience in Early Childhood in Queensland, New South Wales and Victoria.

Kathryn Bryce is a graphic designer with a Bachelor of Arts (Hons.) degree majoring in Communications. She has worked as a tutor with both children and adults with learning disabilities.

## Curriculum Links - Links to Achievement Objectives

### English - Level 1

### Reading

**Personal Reading** - Students will begin to use semantic, syntactic, visual, and grapho-phonetic cues to gain meaning.

**Close Reading** - Students will respond to language and meanings in texts.

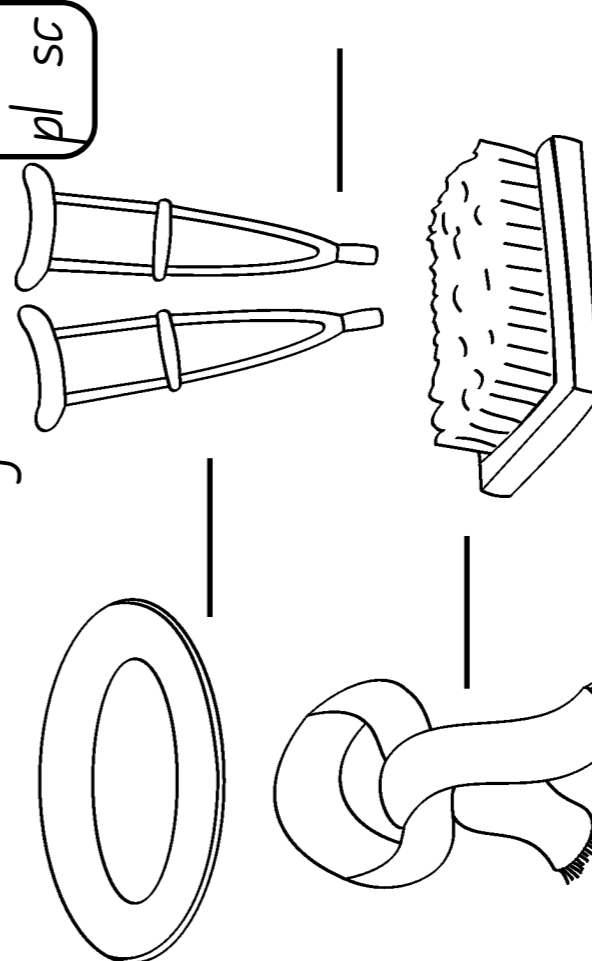

### Reading Processes

**Exploring Language** - Students will explore choices made by writers, and identify and use the common conventions of writing and organisation of text which affect understanding.

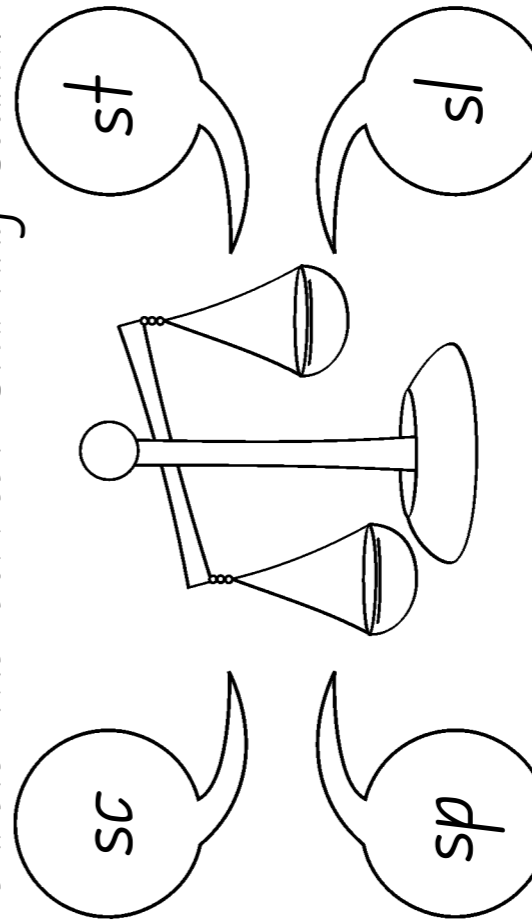

## Beginning Sounds: Exercise 10

Name: \_\_\_\_\_

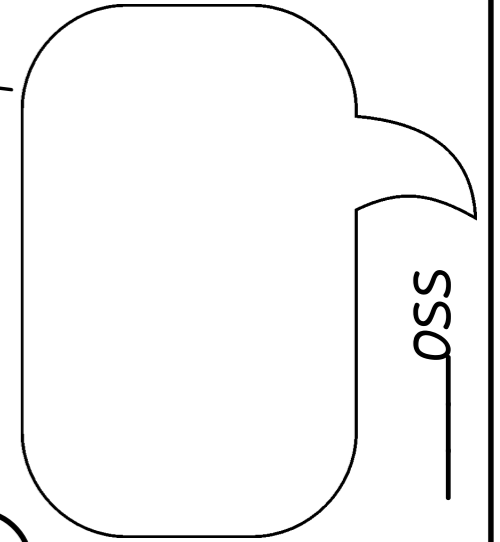

Write the starting sounds.

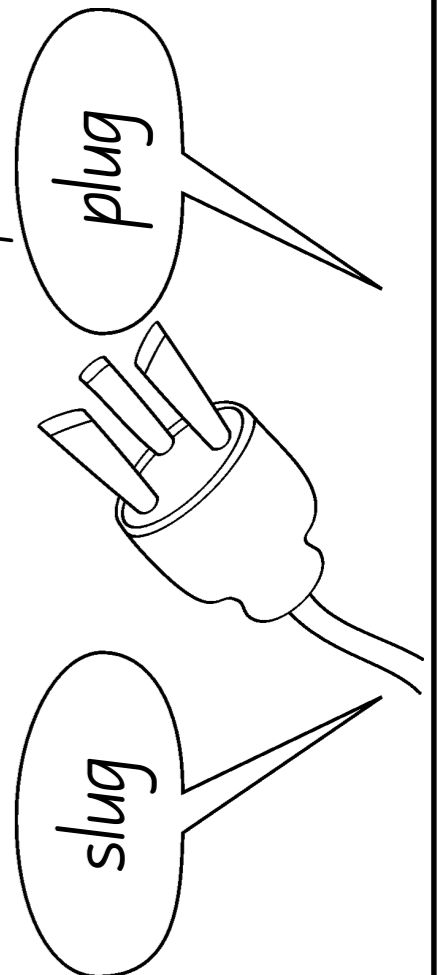

Circle the correct starting sound.

Add **cr** and draw the picture:

Which word matches the picture?

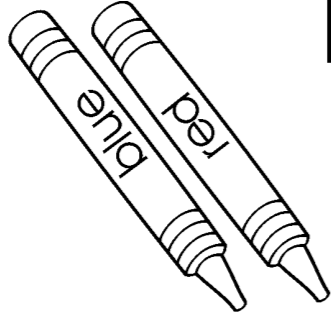

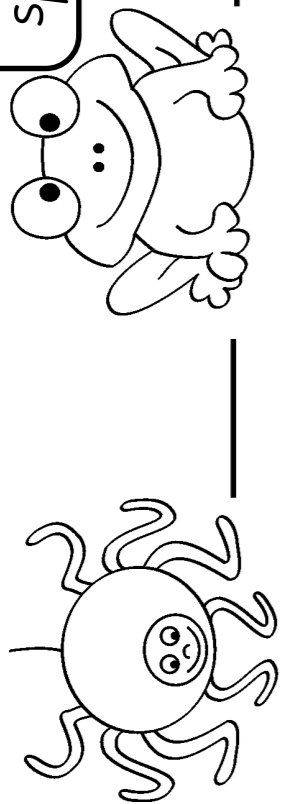

# Beginning Sounds: Exercise 9
